## "Drowning Machine"

The water is fast, but it ain't deep  
I waded out before  
I could do it in my sleep  
Another line, another fix  
Another "I don't care"  
The place you thought you'd never be  
Guess what, you're there

Drowning machine  
Drowning machine

Sow a thought, reap and action  
Sow an action, reap a habit  
Sow a habit, reap a destiny  
Do anything, be anyone

But you're not free

Drowning machine  
Drowning machine

A three foot river drop  
A circular hell  
Drowning machine is  
Ringing the death bell  
Your lifeless soul floats to the shore  
You couldn't stop  
Had to have more, more, more

Drowning machine  
Drowning machine

Drowning machine  
Tragic death scene
