I used to be a part of lover  
Just drop in everyone since a while  
I had to do with undercover yes I did  
That was just my style  
Now I have the strangest feeling  
This love that's really got me really  
Everything we do is together  
This love I have for you is forever ooh  
Chorus:  
Unconditional love, unconditional  
That is what I have for you  
Heres my position of love, unconditional  
Love is what I have for you  
Never care about tomorrow  
I only thought about what I could get today  
I left behind a tread of sorrow hm  
That was just my way  
Still it didn't even come close  
To feel in up that all and my soul  
Now I had a change apart  
Girl I hope that we will never apart  
Chorus  
You love me I love you  
And that's the way it's falls to be  
Together forever from now to eternity  
Chorus Fade out
