You got that look in your eyes
Like you know I wanna touch it, wanna touch it
But you so slippery girl,
You feel the same but you hiding me
Why don't you ask me how I know?
Cause every time I turn my head,
My homies tell me that you're staring this way
Staring this way
Well keep it real with me girl,
Tell me what you wanna say, then we can play

What's your fantasies girl,
I'll fulfill them all, I'll be your genie in a bottle baby
Just give me a call
What's your fantasies girl,
I'll fulfill them all, you can holler at me anytime
Just give me a call, just give me a call
Just give me a call, just give me a call
Just give me a call, just give me a call
And I'll fulfill them all, I'll fulfill them all

You get more than 3 wishes girl, if you know what I
mean
Go ahead and pinch yourself, find out this ain't a
dream
Do you believe in magic girl, abracadabra girl
Pull out my magic stick, show you a couple tricks
I know you want it girl, ain't no denying girl
I'm your number one freak, freak, ain't even lying girl
Tell me what you want, I will get it done
You can play the game, but I've already won

What's your fantasies girl,
I'll fulfill them all, I'll be your genie in a bottle baby
Just give me a call
What's your fantasies girl,
I'll fulfill them all, you can holler at me anytime
Just give me a call, just give me a call
Just give me a call, just give me a call
Just give me a call, just give me a call
And I'll fulfill them all, I'll fulfill them all

All this dance and just one rub
We can end up in the tub,
In my ... house up above, known as my ... of love
Please make ... wishes no, and your mind will be blown
Don't be scared girl you're gone before you know it
You'll be home
Just give me a call, just give me a call
Just give me a call, just give me a call
Just give me a call, just give me a call
And I'll fulfill them all, I'll fulfill them all

What's your fantasies girl,
I'll fulfill them all, I'll be your genie in a bottle baby
Just give me a call
What's your fantasies girl,
I'll fulfill them all, you can holler at me anytime
Just give me a call, just give me a call
Just give me a call, just give me a call
Just give me a call, just give me a call
And I'll fulfill them all, I'll fulfill them all.
