Jah rastafari, in a the life book I look
I see lightning and thunder and the earth shook
This is one song I got to say

Our father allelujah
I will sing with all my heart
Set the captive free to praise the almighty
And this will be the answer to my prayer
Our father allelujah
I will sing with all my heart
Set Jah people free to praise his majesty
And this will be the answer to my prayer

And I pray, for one-day things to be better
And I say, help the people from the gutter
Can't you see, they stole our birthright take away our
treasure
The youths are Kings and Queens don't call dem
suckers

Our father, allelujah
I will sing with all my heart
Set the captive free to praise the almighty
And this will be the answer to my prayer

Come on brothers and sisters
And people of all diverse background
Can we all work together in unity
For the achievement of our common goal
And the assurance of equality
Can somebody answer this question
Why there is so much racial discrimination
Why there is so much man-made pollution
Isn't there no love for creation
In my song I sing, yeah I say a special prayer
Up to zion to the lion, to the lion
And I hope he will answer this prayer Jah

Our father allelujah
I will sing with all my heart
Set the captive free to praise the almighty

And this will be the answer to my prayer
Our father allelujah
I will sing with all my heart
Set Jah people free to praise his majesty
And this will be the answer to my prayer

Our father allelujah
I will sing with all my heart
Set the captive free to praise the almighty
And this will be the answer to my prayer
Our father allelujah
I will sing with all my heart
Set Jah people free to praise his majesty
And this will be the answer to my prayer
