Well, the clouds didn't look like cotton, they didn't even  
look like clouds

I was underneath the weather and all my friends  
looked a crowd

The swimmin' hole was full of rum, I tried to find out  
why

All I learned was this my friend you gotta swim before  
you fly

I got two girls one's in heaven, one's below  
One I love with all my heart and one I do not know

Two lonesome dudes on an ugly horse passed by not  
long ago

They asked me where the action was and I said I did  
not know

As they disappeared into the brush I heard the driver  
say

He's a little slow between the ears, he's always been  
that way

I got two girls one's in heaven, one's below  
One I love with all my heart and one I do not know

Now Jolly Jane just lays around and listens with her  
mouth

She's had about a dozen husbands but the last one just  
pulled out

Now, who's gonna bring her dinner through the weary  
years ahead?

All she'll get from me is sympathy, ain't got time to see  
she's fed

I got two girls one's in heaven, one's below  
One I love with all my heart and one I do not know

And now it's cold down on the bayou and they say it's in  
your mind

But my moccasins are treadin' ice leavin' strange  
designs

The Cajuns say the last time that this happened they  
weren't here

All Beaumont's full of penguins and I'm playin' it by ear

I got two girls one's in heaven, one's below

One I love with all my heart and one I do not know

I got two girls one's in heaven, one's below

One I love with all my heart and one I do not know
