I was always here in the silence
But I was never under your eye
Gather up your love in some wiseness
For every memory shall always survive
And you will see me.

I am an animal
My teeth are sharp and my mouth is full
And the passion is so strong
When I'm alone, loneliness will change me

I am a vegetable
I get my body badly pulled
I'm rooted to the spot
Nothing will rearrange me

I'm looking back and I can't see the past
Anymore, so hazy
I'm on a track and I'm travelling so fast
Oh for sure I'm crazy

I am a human being
I can't believe all the things I'm seeing
I've nowhere to hide anymore
I'm losing my way

I am an angel

I booked in here I came straight from hell

I don't know how to lie anymore

I'm boozing to pray

I'm looking back and I can't see the past

Anymore, so hazy

I'm on track and I'm travelling so fast

Oh for sure I'm crazy

I was always here in the silence

But I was never under your eye

Gather up your love in some wisdom

For every memory shall always survive

And you will see me

I will be immersed

Queen of the fucking Universe

And I don't know what I have anymore

Anymore than you do

I am a nothing King

Been right around on a golden ring

I don't know where you are anymore

I've got no clue

I was always here in the silence

But I was never under your eye

Gather up your love in some wisdom

For every memory shall always survive

And you will see me

I am an animal
