When people keep repeating  
That you'll never fall in love  
When everybody keeps retreating  
But you can't seem to get enough

Let my love open the door  
Let my love open the door  
Let my love open the door  
To your heart  
Let my love open the door, yeah  
Let my love open the door, yeah

When everything feels all over  
When everybody seems unkind  
I bring you a four-leaf clover  
Take all the worry out of your mind

Let my love open the door, yeah  
Let my love open the door, yeah  
Let my love open the door, yeah  
To your heart, to your heart

Yeah

I have got the only key to your heart  
I can stop you from falling apart  
Release yourself from the misery  
Only one thing gonna set you free

It's my love  
It's my love  
It's my love  
It's my love

When tragedy befalls you  
Don't let it drag you down  
And love can cure your problems  
Don't forget I'm around

Let my love open the door, yeah  
Let my love open the door, yeah  
Let my love open the door, yeah

Let my love open the door, yeah  
To your heart

My love open the door, yeah  
To your heart  
My love open the door, yeah  
To your heart  
My love open the door, yeah  
To your heart  
My love open the door, yeah  
To your heart

Let my love
