BADGER and CROW

What we want is a brand new year

Open your heart and set us free

What we need is a brand new life

We'll decide on our own destiny

WOODLAND CREATURES

What we want is a brand new life

For every brother and sister - husband and wife

For the single and lonely, living in fear

What we want is a brand new year

CROW

While this year is still young enough for laughter

We must insist that no tears follow after

Resolve to be strong

And right the wrong

Inflicted on you and me

WOODLAND CREATURES

What we want, etc.

CROW

You know there are changes waiting in the future

Some of them'll hurt yer, some of them'll suit yer

One thing to be certain of

You control your own destiny

WOODLAND CREATURES

What we want, etc

JAY and BADGER

What we want is a new conception

A child to lead us out of here

Free from mistrust with no deception

What we want is a brand new year

CROW JAY

While the midnight bells are rung

It's a brand new life

We are working from a peaceful dream

A brand new year

Where children go to school

And play the fool A brand new year

Decide their own destiny

HOGARTH

While this year's still young

You've got to show us that our kids are totally free

They wanna go to school, they wanna play the fool

They gotta decide on their own destiny

They have to guide the course of their own destiny

They gotta have pride enough to know their own
destiny

WOODLAND CREATURES

What we want is a brand new year
Open your hearts and set them free
What we want is a brand new life
And to decide on our own destiny

HOGARTH CROW

What do we want
What do we need
What do we want right now
What do we need right here
We want a brand new life now
We need a brand new year

JAY

Woooooooooooooh!

CHORUS

All shall be well
And all shall be well
And all manner of things
