HOGARTH

Was there life before this love

Was there love before this I can see

Was there ever love for her before me

And if I look will she

Look back at me

Is fantasy

Enough?

Was there heat before this flame

Were there flames before this fire in my heart

Was I wrong about it from the start

Am I in ecstasy

Or next to see

That fantasy

S'to blame

Was there life before this love

If I look up will she

Look back at me

Is fantasy

Enough?

If this scene is in a dream

Then I'm perfect for the part I play
You can count on me to stand and say
"Was there ever life before this wonderful day?"
If this dream's within a dream
Then I'll never swoon quite deep enough
No hypnotic trance quite sleep enough . . .
If in this sweet dream I'm flying
I will never fly quite high enough
You will hear me crying high above
"Was there ever life before this wonderful love"
