Time to die

Time to die

Time to die

Time to die

Silhouetting, complicating

Whom to dare - I do not care

What is form and exploration

Everything is everywhere

Increase time and spin around it

Ready for another day

Power up and memorize it

Snap the mag and blow away.

Pin Eyed God

Get away

Pin Eyed God

Here to stay, yeah

Pin Eyed God

Break on you

Pin Eyed god

Coming free, yeah

Time to die

Time to die

Time to die

Time to die

I rejecting - back and building

Where you stare I do not care

What is crawling and competing

Everything is everywhere

Deep inside you get around it

Reaching back another day

Jump it up and feel the heat

You snap the mag and blow away.

Pin Eyed God

Get away

Pin Eyed God

Here to stay, yeah

Pin Eyed God

Break on you

Pin Eyed god

Coming free, yeah

Time to die

Time to die

Time to die

Time to die

Reload

Reload

Reload

Yeah

Reload

Pin Eyed God

Get away

Pin Eyed God

Here to stay, yeah

Pin Eyed God

Break on you

Pin Eyed god

Coming free, yeah

Time to die

Time to die

Time to die

Time to die

Time to die

Time to die
