Allston's nothing but bars and drunks
college kids and lotsa punx
you're guaranteed to see a fight almost every fuckin
night
college kids with parents cash
with no respect for the working class
At any bar around last call everynight you'll see a brawl
kegs of beer after the show
Toxic house was the place to go
Had a riot in the street where pratt
and ashford terrace meet a bunch of jocks live down
the block
started with two punx but to their shock
had a ton of t.n. friends in the house we all poured out
and beat them down
wa-bah-bap is the sound when your head go's crack
when you're
gettin' curbed by my boot or the bat
you asked for beef and you quickly got served
i think you got what you fuckin deserved
B.U. FUCK YOU
NORTHEASTERN
FUCK YOU!
U-MASS FUCK YOU!

[Chorus:]
Coughin up blood, spittin up teeth
got beat up walkin down the street
a bunch of jocks calling us freaks
this shit happens every week
Allston violence-in your face!
allston violence-this is the place
allston violence-fuck college boys!
allston violence-oi!oi!oi!
