All day every day see it on the news you say
"It's so fuckin' far away it doesn't affect me"
Everything you won't say I'll be different anyway
I don't fucking give a shit today it's gonna fuckin get
you

[Chorus:]

Too many times we've heard it before certainly nothing
new
How many crimes can you ignore 'till something
happens to you
Run out of excuses so take the abuse, finally sick of
you
That's our duty that's why we live finally getting
through
We're not happy 'till you're not happy
We're not happy 'till you're not happy
We're not happy 'till you're not happy
We're not happy 'till you're fuckin' pissed

All day every day see it on the news you say
"It's so fuckin' far away it doesn't affect me"
That's right you were wrong this is why we wrote this
song
You may not be way to far it's gonna fuckin' get you

[Chorus:]

Too many times we've heard it before certainly nothing
new
How many crimes can you ignore 'till something
happens to you
Run out of excuses so take the abuse, finally sick of
you
That's our duty that's why we live finally getting
through
We're not happy 'till you're not happy
We're not happy 'till you're not happy
We're not happy 'till you're not happy
We're not happy 'till you're fucking pissed

All day you go laughing on, all this suffer is around you

What do you expect from a world that has sentenced
you to die
Want you to comprehend the repercussions that will
lead us to an end
We'll die no question why we burned all we needed to
survive
What did you expect from the dues that we taught
them to neglect?
Want you to comprehend the repercussions that will
lead us to an end
There is no excuse we're all guilty for the methods that
we used
What did you expect?
