and what was going through your mind right now.

KRS-1:

Look aat these weak MC's getting G's  
Never wore BVD's or even bellbottom Lees  
Please, with these fantasies about you selliing keys  
When you know you bees in front of the TV eatin'  
grilled cheese  
On your knees you know my steez  
Kris is nice with theses M-I-Cs  
I'm Poison like BBD the plot thickens while I be hitten  
And lyric lickin', flippin' any mix and over the skippin'  
And cable clippin', still sickenin'  
Even though some people ain't admitting  
Through they system I keeps it kickin'  
And tippin' the scale I pay tuiton not bail  
Drink water not ale, MC Hammer hits it right on the nail  
I can't fail with my 7 stripes  
Strike one pierces the lung over the drum MC's become  
dumb  
Like "um?" They numb, bite the tongue over the bass  
drum  
I am D the MC like Run, spittin' lyrics for fun  
And for a sum of the bread crumb  
You missed when you swung, I connected whole hum  
Another one done underestimated KRS-1, yeah so...

Hook:

Redman: Say blowe

KRS-1: If you really want true skill

Redman: Say blowe

KRS-1: If you want the hip hop to build

Redman: Say blowe

KRS-1: We rock it all year round

Redman: You better cool the F out before we go up in  
your mouth

KRS-1:

It's just beguuuun, to bubble

KRS-Onnnne spells trouble

On the mic soooon there is no double

I emerge from under the rumble

Count the truth poetic construction, audio abduction

Showbiz production for wack lyric reduction

And fly rhyme instruction keep the party hoppin'

Keep the DJs buggin' for the orthodox

Non Xerox hip hop chatter box

It was dope first crack out the box with Scott LaRock

How MC's are washed up like sweat socks

KRS-1 makes the heads nod

Hook

Redman: KRS-1

KRS-!: Yes my son

Redman: Tweet tweet (x2)

KRS-1: You know they can't compete, ain't that right

Redman:

No doubt. You better cool the F out before we go up in  
your mouth

KRS-1:

When it's my turn kid, look at what you done did

Like my head is dreadful you edible

I kick incredible shit, for my poeple

I'm jackin' these like me so sue and Stretch like Bobbito  
overloops

While you sittin' on stoops I'm rockin' mics for U.S.  
troops in group

You screwed up, oops, I can read a true crook

Like I can read a good book

I'm hooked on hip hop culture

Look at the tip top lyrical structure

Floatin' like a soap bubble that you don't wann puncture

Or rupture, I write what I udder, mother mother mother

There's too many of us dying still trying and not doin'

Not succeeding still pursueing what you doing?

What you doing? What you doing?  
The session is started departed on schedule

What other can't do I can do  
Enhancing 7 levels of your mental

lyrical best  
Worldwide qualified to administer any MC test  
Stop guessin' class is in full session
