Good morning Britain.....
Nobody can believe what the sun's gonna be.....
A married chap....
been having it off with Annie now Annie's feeling crap..
cause Annie's been left in the craaaa
She doesn't care...
cause Annie's been putting herself about everywhere
We all agree... Annie is a scrubber get her of the T.V.

Russel Grant and Jimmy Grieves and Gorden
Honycombe
Nick Kelly they all agree send Annie back home...

[Chorus:]

Annie, Annie, get the dodgy boiler off the T.V.

Annie, Annie, now we're not fond of Annie Diamond
get her off, get her off.... of the T.V.

We're really sick....
Annie was a canny lass and now she's up the stick
We couldn't tell....
but now we can we know that Annie's a dirty Jezabel

Russel Grant and Jimmy Grieves....

[Chorus]

She used to have a thousand fans that really used to
spoil her
until they found out that Anne's a dodgy boiler...

[Solo]...

[Chorus]
