Your smile everyday

I wish I was back there

To live it out again

I can see you

Yeah I can see you

*[Chorus:]*

I can see you SEE YOU [x4]

Yeah I can see you SEE YOU [x4]

I still remember when

We used to go away

I wish I was back there

To live it out again

But I can see you

Yeah I can see you

*[Chorus]...*

*[Guitar bit]...*

*[Chorus]...*

Meet you.....
