Ooooh, ooooo  
She's a fibber  
she's always telling him lies  
he can't trust her  
no matter how he tries  
she swore to me  
that I would always be the one  
then she blew me out she's upt and gone

Will she ever change  
she won't fib to me again  
or will she stay the same way as before

*[Chorus:]*

I tried tried tried to trust Tracy  
never trust Tracy.. she's not trustworthy  
I tried.....  
you shouldn't trust..  
you shouldn't trust Tracy.

They both agreed she'll meet him at 9:30  
she was not there  
coz Tracy was with me.

Will she ever change...  
*[Chorus]*
