T was only yesterday that we arrived in Palma  
Ever since then our love life has been a farce  
Pursued and wooed by that  
Sun tanned Majorca charmer  
Now she thinks the sun shines  
Out his spanish arse

Of course I knew that somebody was  
Bound to meet her  
But tell me why did she have to pick Charles Atlas  
Is it just because coz he calls her Senorita  
Or did the bast ard teach her gracias?  
I've had enough, I've had enough o'Magaluf,  
I've had enough ooo Me Too  
I know, I know  
To stick around, to stick around to stick around  
Would make me blue  
Too blue  
I've had enough o Magaluf, enough o'Megaluf and you  
AAOO

She stared at me and said why can't I look like that  
Ih what a sucker, a skinny fool,  
As she sat pining for that Spanish prat.

Morning night and afternoon  
She'd nick off down the blue lagoon  
She was with that brionze baboon again.

Now I could see them neckin' on from the balcony  
I've been a mug, I might o'know, the scheming skunks  
There's nuthin' goin' on she's conned me  
Coz she had her hands inside his swimmin' trunks

I've had enough...
