remember rita when, she was she was contented  
and in the kabin all was calm  
remember rita when, she was she was contented  
and nowt could beat her then, apart, apart, apart, apart  
from...

little bastard they call chesney  
and his evil scheming mam

rita she weren't amused, he nicked he nicked, the  
sweets n'that  
now rita, she's accused, she clipped she clipped she  
clipped the brat, now...

she wants compo for their chesney  
she put rita in a cell  
with that little swine called chesney  
they both made rita's life hell

cause rita's innocent, but no one could see  
rita's innocent, but no one could free  
rita's innocent, but no one could see  
except norris

now cilla she was there, she went, she went, she went  
with les  
to see rita despair, guilty, guilty the jury says, that

little bastard they call chesney...

guilty, guilty...

remember rita when she was she was... free
