We fight for the queen and country and we're back
here again
Over the hills to the battlefield, 10 thousand marching
men
We never say surrender but now we must admit
Shove the rotten regiment, we're off on a moonlight flit

Ho, tally ho, the battle cry, oh
We're off down the pub
Ho, tally ho, a pint and decent
Pint and decent grub

Down in the valley we can see
The men marching for victory
We'll skip the blood on the battlefield
Stuff all the bravery 'coz we quit the cavalry

We're shot injured and wounded, they call us men of
war
It's too noisy and dirty and we can't take no more
No bath or battlefield shower and people say, we're
brave
But now we're gonna do a bunk for a decent wash n'
shave

Ho, tally ho, the battle cry, oh
We're off down the pub
Ho, tally ho, a pint and decent
Pint and decent grub

Down in the valley we can see
Stuff all the bravery 'coz we quit the cavalry

Don't shoot
This is not the life for me
Shoot, don't shoot
It's not my cup o' tea

Ho, tally ho, the battle cry, oh
Ho, tally ho

Down in the valley we can see

The men marching for victory
We'll skip the blood on the battlefield
Stuff all the bravery 'coz we quit the cavalry

Down in the valley we can see
The men marching for victory
We'll skip the blood on the battlefield
Stuff all the bravery 'coz we quit the caval
We quit the caval, we quit the cavalry
