You
Give
Me
Fire

Fire... in my soul
I think I've been here long ago, before
As a child of mine takes the dancefloor
On a blanket of light he moves the night

Be proud be loud be heard
I can hear these words
Be proud be loud be heard
I can hear these words

He's got me spinning
I'm really spinning
Around and around with my feet on the ground
If I stumble come a tumbling down

You give me fire
You give me hunger
Deep in my soul

Be proud be loud be heard
Can you hear these words?
Be proud be loud be heard
Can you hear these words?

Be proud
Be proud

Fire in my soul I think I've been here before
As a child of mine takes the dancefloor
On a blanket of light he moves the night
And I'm falling into his eyes

You give me fire
I'll give you hunger
Soul deep

Be proud be loud be heard
Can you hear these words?
Be proud be loud be heard
Can you hear these words?

Be proud
Be proud
Be proud
Be proud

And now you're spinning
You're really spinning
Around and around with your feet on the ground
If you stumble come a tumbling down

You give me fire
Fight! Fight!
You've really got that look
In your eyes tonight

Be proud be loud be heard
Can you hear the word?
Be proud be loud be heard
Can you hear the word?
