Just getting used to waking up everyday
Not seeing your face
I just began to stop setting your place
And I stop longing for your warm embrace
And it was God that made me able
To finally sleep at night
Though you're not by my side
Finally I don't hardly cry
See right when I start letting go
Somebody wants to let me know
Can they take your place
No they can't fill your space
No

I tried to move on but you're not gone
'cause in my heart you still live on
See now I know why
I'll never love another for the rest of my life
And why
Now that you're gone I'm holdin' on
And deep in my heart
I wanna move on
And now I know why
I'll never love another for the rest of my life. I finally put
ur clothes away

you know the ones you wore the day

That you were taken away from me

I just began to stop wearin my ring

And i finally stopped playin'our song

When i realized I was dancin' alone and

Finally God gave me strength

To go on and breathe again

See right when I start letting go
Somebody wants to let me know

Can they take your place
No they can't fill your space
No
I tried to move on but you're not gone
'cause in my heart you still live on
See now I know why
I'll never love another for the rest of my life
And why
Now that you're gone I'm holdin' on
And deep in my heart
I wanna move on
And now I know why
I'll never love another for the rest of my life

God knows it's time for me to move on
I want to feel alive again
I want to be in love again
And no matter how hard I try
I can't erase you from my mind
And I gotta find somebody new
But I just can't get over you

I tried to move on but you're not gone
'cause in my heart you still live on
See now I know why
I'll never love another for the rest of my life
And why
Now that you're gone I'm holdin' on
And deep in my heart
I wanna move on
And now I know why
I'll never love another for the rest of my life
