Oh, ooh, hmm
Yeah, e, yeah

Just gettin' used to wakin' up everyday
Not seein' your face
I just began to stop settin' your place
And I stop longin' for your warm embrace

And it was God that made me able
To finally sleep at night
Though you're not by my side
Finally I don't hardly cry

See right when I start lettin' go
Somebody wants to let me know
Can they take your place?
No they can't fill your space, no, yeah

I tried to move on but you're not gone
'Cuz in my heart you still live on
See now I know why
I'll never love another for the rest of my life

And why, now that you're gone I'm holdin' on?
And deep in my heart I wanna move on
And now I know why
I'll never love another for the rest of my life

I finally put your clothes away
You know the ones you wore the day
That you were taken away from me
I just began to stop wearin' my ring

And I finally stop playin' our song
When I realized I was dancin' alone
And finally God gave me strength
To go on and breath again

See right when I start lettin' go
Somebody wants to let me know
Can they take your place?
No they can't fill your space, no

I tried to move on but you're not gone
'Cuz in my heart you still live on
See now I know why
I'll never love another for the rest of my life

And why, now that you're gone I'm holdin' on?
And deep in my heart I wanna move on
And now I know why
I'll never love another for the rest of my life

God knows it's time for me to move on
I want to feel alive again
I want to be in love again, ooh
And no matter how hard I try
I can't erase you from my mind
And I gotta find somebody new
But I just can't get over you

I tried to move on but you're not gone
'Cuz in my heart you still live on
See now I know why
I'll never love another for the rest of my life

And why, now that you're gone I'm holdin' on
'Cuz deep in my heart I wanna move on
And now I know why
I'll never love another for the rest of my life

I tried to move on but you're not gone
'Cuz in my heart you still live on
See now I know why
I'll never love another for the rest of my life

And why, now that you're gone I'm holdin' on
'Cuz deep in my heart I wanna move on
And now I know why
I'll never love another for the rest of my life
