G-shock goes off in the early morn
See I wake up fly no make-up on
Check my 2way pager just to stay up on
Lord have mercy goes my cellular phone
Who dis?
It's Penelope tell me what the deal
Number 32 he at you say he tryna keep it real
Yeah I saw him in the club he was tryna front
Money knows he got a man what the hell he want
He got a Benz
We got that too
They say he got ends
Don't he know how we do?
Fo' sho yo don't they know we gotta own dough
We untouchable when them other chicks are so so

Our flow
Untouchable
Our dough
Untouchable
What we know
Untouchable
Everywhere we go
Untouchable
Our whips
Untouchable
The way we spit
Untouchable
Don't trip
Untouchable
Don't it make you sick, you can't resist
Cuz that's what's it
Untouchable

You gotta roll wit it
Cuz we about to take control in it
It ain't our fault, you probaly end up getting froze in it
You tryna get on we rockin' fits from Milan
We pushin' private jets but what flight you finna get on
Struttin' through the club heads turning twice
Peeped ya'll hatin' but that's alright

Now ya all up on us like white on rice
Tryna put us on lock take a vow for life
What about his keys
You should give those back
What about the ice
You should keep that
He's so fly he's so fine
So many guy's so little time

A'ight T Mo gotta pass the test
Independent intellect surpass the rest
He gotta comp Timbos, rock cornrolls
Make me feel like E-I
Keep me up like no-doze

Our crew
Untouchable
The Lou
Untouchable
Our girl Drew
Untouchable
Everywhere we go
Untouchable
Our mates
Untouchable
What we create
Untouchable
Ya'll late
Untouchable
Please try not to hate it'd be a waste
For heavens sake
Untouchable

Grasp reality gain control
Stop hatin' on us and how we roll
If you really wanna know
Be true to yourself, be untouchable
Our presence burns holes like fire
An untouchables only desire
It's respect don't neglect
How we feel keep it real
If you do then we'll take you higher

Our flow
Untouchable
Our dough
Untouchable
What we know
Untouchable
Everywhere we go
Untouchable

Our whips
Untouchable
The way we spit
Untouchable
Don't trip
Untouchable
Don't it make you sick, you can't resist
Cuz that's what's it
Untouchable

Our crew
Untouchable
The Lou
Untouchable
Our girl Drew
Untouchable
Everywhere we go
Untouchable
Our mates
Untouchable
What we create
Untouchable
Ya'll late
Untouchable
Please try not to hate it'd be a waste
For heavens sake
Untouchable
