(Willcox / Fripp)

Let me run riot of colour over you
Let me dive in and be rescued

Desire...

I'm the setting sun over you
Let my body cast clouds to cool you
Just the view of you takes me to sea
Quenches my thirst
For you are my dream

Desire
Desire...

You're driving me senseless
Then come to my rescue
Render me helpless
I surrender to you

Desire
Desire...

Sweetness carries razors
Hot tears fall
At the thought of the end of us all

Desire
Desire...
