(Willcox / Darlow)

Conversations with you
Made feel so special
I could talk for hours and hours
About the silly things we do
It's as if you were by my side
Smiling, laughing
Such a great time
So hard to hide

All these moments I share with you
Are you with me?
Can you see, all that I do, I do for you

Invisible love, can you feel it?
Invisible words, can you hear them?
I feel your feet step in time with mine
As I dance through my life

Just when I needed you
I realise you're holding up my world
Millpond calm as the tempest blows
My atlas on which my life unfurts
So many voices in me
So many souls
I take the leap instinctively
Spread my wings
Across the mountains fold

All these moments I share with you
Are you with me?
Can you see, all that I do, I do for you

Invisible love, can you feel it?
Invisible words, can you hear them?
I feel your feet step in time with mine
As I dance through my life

Can you feel it?
Someone needs you

Can you feel me?
Someone needs you
Can you hear me
Someone needs you
As I dance through my life

All that I do, I do feel you

Invisible love, can you feel it?
Invisible words, can you hear them?
I feel your feet step in time with mine
As I dance through my life

Caan you feel it?
Can you hear it?
Someone needs you.
