(Willcox / Darlow)

Silly Billy been a naughty boy  
Gone and broken all your toys  
He's a whore for television  
Bi-polar supervision  
Cracked up in submission  
Bound and gagged, a rubber vision

Pandemic  
Polyemic  
Schizophrenic  
Epidemic  
Can he do it  
Will he take it  
Will he make it  
Or just take it

Thought you had a vision  
A wet dream religion  
It's an execution  
Of the rebel in you  
Viva la revolution  
Bring out the disillusioned  
They're an institution  
You should have stayed in bed

I hear you're into tantric sex  
Filmed it all through pink latex  
Made all the rags hardcore  
Stripped and filleted, looking sore

Pandemic  
Polyemic  
Schizophrenic  
Epidemic  
Can he do it  
Will he take it  
Will he make it  
Or just take it

Thought you had a vision  
A wet dream religion  
It's an execution  
Of the rebel in you  
Viva la revolution  
Bring out the disillusioned  
They're an institution  
You should have stayed in bed

Pandemic  
Polyemic  
Schizophrenic  
Epidemic  
Can he do it  
Will he take it  
Will he make it  
Or just take it

Thought you had a vision  
A wet dream religion  
It's an execution  
Of the rebel in you  
Viva la revolution  
Bring out the disillusioned  
They're an institution  
You should have stayed in bed

Viva la rebel in you  
Viva la rebel in you  
Viva la rebel in you...
