Punching air my lungs explode

Punching sky with fists

Fingers on a rope

Effort leads to

Effortless dancing

Fingers on the twine

Happy to be alive

Will not join

The Lords of the never known

No no no

I wax and wane with the moon

Arrive and mingle with the tide

Rise and fall with the sun

Yet I'm no one, I'm not any one

All for one and one for all

Work to rule my workhouse prodigy

Resent reward

Ideas and ideals

If not for you then not for none

Will not join

The Lords of the never known

Run boys run

Before they tie her down

Run boys run

I wax and wane with the moon

Arrive and mingle with the tide

Rise and fall with the sun

Yet I'm no one, I'm not any one

Sink or swim

Under the gem stone moon

Dreaming of Burroughs

Disney deserts from

Cheque to cheque from

Queue to queue from

Test to test

Full circle again

Will not join

The Lords of the never known

Run boys run

Before they turn you down

Run boys run

>From the never known

Run boys run

Before they tear you down
