(Bennett)

I don't know which way to go
Please show me how
Mother Earth is watching me
You warn me now

Why did they turn me away
I saw the sky yesterday
I could see through the disguise

Yes it's true
In the new lost and found
Only you turn me round

I know every part of you
Your morphine mind
Every day they say we're
Even more entwined

As we forget who it harms
Lay me to sleep in your arms
I could see through all the lies

Yes it's true
In the new lost and found
Only you turn me round

I...
I wonder how we can survive?

There's a new ghost in your eyes

Yes it's true
In the new lost and found
Only you turn me round
In the new lost and found
Only you turn me round.
