Glass flutes, crystal notes  
Cupped in a glass dream  
Ready to break  
Ready to break  
Ohh Ohh Ohh  
Across land scars fall China tears  
Kissed and clear  
Ooh Ooh Ooh  
From an Earth star  
From an Earth star...

How I needed a friend  
One who doesn't pretend  
I needed to be believed in  
How I needed healing  
Now that I'm learning  
It's just we two...

Clear thoughts fall like tears from my fingers  
We dance in porcelain arms like a potion  
Soft, soft devotion  
Love paints the face  
Sincere  
Sincere...

How I needed a friend  
One who doesn't pretend  
I needed to be believed in  
How I needed healing  
Now that I'm learning  
It's just we two...

Wind chimes chant decipher the breeze  
Giving language to whispering leaves  
Ooh Ooh Ooh  
Ooh Ooh Ooh  
Ooh Ooh Ooh

The man becomes a child  
The distrusted a saint  
The bedroom's ceiling a vast cathedral roof

Palatial truths of intricate details  
All fear fades  
Diamond shines our lives.
