(Bennett)

Don't look down as we fall
There's still blood in our veins
You can't sell this recall
When it's all that remains
I know what you've heard
About a vision that dies
Please don't spread the world
That we've been falling inside

From the sound we're spinning around
Beginning under the ground
From the sound we're spinning around
Beginning under the ground

Now and then they fear for the youth
Now and then we all feel the truth
The truth
The truth
The truth
The truth

Tell me where you've been
And cast a verse in the sand
I know what you've seen
It's in the palm of my hand
First they try and use you
When you're under the ground
Make sure when they choose you
That you turn it around

From the sound we're spinning around
Beginning under the ground
From the sound we're spinning around
Beginning under the ground

Now and then they fear for the youth
Now and then we all feel the truth
Now and then they fear for the youth
Now and then we all feel the truth

The truth
The truth
The truth
The truth

From the sound we're spinning around
From the sound we're spinning around
From the sound we're spinning around
From the sound we're spinning around

From the sound we're spinning around
Beginning under the ground
From the sound we're spinning around
Beginning under the ground

Now and then they fear for the youth
Now and then we all feel the truth
Now and then they fear for the youth
Now and then we all feel the truth...
