(Willcox / Nicholas)

Now I'm running...

You're everywhere I go
Every dream I have you're next to me
You turn and whisper in my ear
One day, one day
We'll be together forever
I would have waited, waited patiently
But something happened deep inside of me

Now I'm running, running away from you
I'm running, running away from you
Don't come looking
Don't you dare come looking for me
I'm no longer there

When you spoke, I understood
And when you smiled, all bad turned good
But time is cruel
Time is short
I would have waited, waited patiently
But something happened deep inside of me

Now I'm running, running away from you
I'm running, running away from you
Don't come looking
Don't you dare come looking for me
I'm no longer there

Don't come looking
Don't you dare come looking for me

Now I'm running...

Now I'm running, running away from you
I'm running, running away from you
Don't come looking
Don't you dare come looking
Don't come looking

Don't you dare come looking for me

Don't come

Don't you dare come looking for me.
