Well you know I've been dloating here for hours  
Just like this  
Suspended gently swaying like a pendulum  
Look, no strings attached  
There's the odd insect  
It don't worry traffic control  
But I just don't seem to wake up  
I've been all the way to Budapest  
Seen riots, yes riots in Tibet  
Seen the burning monks  
Crackling in pain  
Saw bombs in Gibraltar  
Fear in Christ's eyes  
Frozen in concrete  
As all of Europe fries  
Wake up a mother's son  
Lynched in a graveyard  
Bullets in MacDonald's  
Mottos born to kill  
Tattoed on children's skin  
And when I saw the hole in the sky  
At the north pole  
I really wanted to wake up  
I heard the last breath of the dolphin  
Behind the doors on the fourth floor  
Of a Manchester morgue  
Little fingers on the durex machine  
God bless them,  
yes God bless them  
And God bless Milton Keynes  
Now I've been floating here  
For thirty years  
>From the mid west to the North Sea  
Seen nothing but soot covered misery  
Witnessed crossbreeding giving birth to  
Bad dreams now I want to wake up  
Now I'm floating here on the outer atmosphere  
And I've brushed aside the waste paper  
There's a sign,  
It says  
"Self destruct in 99"

Evacuate.
