I don't wish you no bad luck baby.
I ain't try'n be your pain.
But I just got a couple things to explain to you.
Before I get up in your pain.

I like to get me girls that ride for the niggas.
Getting high with there niggas.
Cheating lies for the niggas.
In other words she got to be infilated with the game.

But lovenigga is the worst kind.
But if you fuck with me you see a change of mind.
Thugz women always live a good life.
They never got to worry about no 9 to 5.
And my women don't trip about me getting high.
They stay right by my side and watch the daimond
shine.
So fly women can you throw you hands up high.
So I can see you cause I got I thing for thugz women.

I problay buy you by chanel and D & G
But only if you come and make this run with me.
Ain't no need to qeuston my ability to get up in your
mind.
Freak you all night.
Ain't go lie know the times it's gonna be
When i wanna have i daimond under me.
Aint me wanna try and find the wannebe.
And hope see don't believe. (2X).

But lovenigger is the worst kind.
But if you fuck with me you see a change of mind.
Thugz women always life a good life.
They never got to worry about no 9 to 5.
And my women don't trip about me getting high.
They stay right by my side and watch the daimond
shine.
So fly women can you throw you hands up high.
So I can see you cause I got I thing for thugz women.
