Words & Music: Toyah Willcox

When a woman cries
When a woman cries

When a woman cries
No-one sees her tears
They just hear lies
When a woman cries
She's always on the make
What will she take this time

And her tears falls like money from your hands
Just another woman crash lands in a man's world

When a woman cries
When a woman cries

When a woman cries
No-one sees a person
They just criticise
When a woman cries
No-one feels her pain
Only contempt for pride

And her tears fall like rain on dark streets
Unheard but loud enough to break the peace

When a woman cries
When a woman cries

And her tears fall like rain on dark streets
Unheard but loud enough
And her tears fall like rain on dark streets
Unheard but loud enough to break the peace

Goes to ashes
When a woman cries.
