Lady Godiva was a freedom rider,
she didn't care of the whole world looked.
Joan of Arc, with the lord to guide her,
she was a sister who really cooked.
Isadora was a first bra burner
Aint' ya glad she showed up?
And when the country was falling apart
Betsy Ross got it all sewed up
And then there's Maude
And then there's Maude
And then there's Maude
And then there's Maude
And then there's Maude
And then there's Maude
And then there's that old compromisin', enterprisin'
anything but traquilizin' Right on Maude!!!
