"Russian Lullaby"

When the seas are rolling in
When the stars are shining clear
When the ghosts are howling near
When we sing the Russian lullaby

In the night
In the night

Let's you and me together leave for higher ground
When you are all alone just listen to the sound

Lullaby
We fall asleep when we hear
Lullaby
We fly away when we hear
Lullaby
We travel far when we hear
Lullaby
When we hear the Russian lullaby

CHORUS
In the night
When the seas are rolling in
In the night
When the stars are shining clear
In the night
When the ghosts are howling near
In the night
When we sing the Russian lullaby

In the night
In the night
When we are going through the night in search of light
Let's you and me enjoy the Mach 5 speed of life

Lullaby
We fall asleep when we hear
Lullaby
We fly away when we hear
Lullaby
We travel far when we hear
Lullaby

When we hear the Russian lullaby

Repeat CHORUS

In the night
We fall asleep when we hear
In the night
We fly away when we hear
In the night
We travel far when we hear
In the night
When we sing the Russian lullaby

Repeat CHORUS
When we sing the Russian lullaby
When we sing the Russian lullaby
