Are there a lot of mistakes in your past maybe you got
a second chance or maybe you didn't lockout things
don't always work out but you can be happy

Chorus:
life is full of second chances
you just got to know where to look

Did something happen a long time ago that made you
wander where you should go where did you end up was
it nice or was it a dump

Chorus:
Life has a lot of choices
lot of choices that have to be made
that have to be made
be made so make them good ones
