Oceans run of the deepest blue Like my thoughts of
you Should I set sail as the tempest rise And waves fill
up in my eyes

You dont know about me All I want to be,
is to be free You dont know what I want All I want is you,
you to want me

I can't make this dream come true With someone like
you When I saw your face that day I should have turned
away

You dont know about me All I want to be,
is to be free You dont know what I want I want is you,
you to want me

Said someone that I thought was wise You can't see
nothing when you close your eyes It true,
no matter what you do And if you ever look my way I
hope your eye will be open that day Oh I pray

You dont know about me All I want to be,
is to be free You dont know what I want All I want is you,
you to want me
