I can't sleep. I can't think
I don't know what's wrong with me
I see you, within me
Or am I just imagining
A vision of how we could have been now
But I only see me, somehow
I'm falling so far
What we're leaving behind is in the back of my mind

Cause I'm addicted to you

[Chorus:]

Lets take it right from the start
Can't bare us to be apart no more
Don't walk away from me now
Can't lose the love that I found
I'll promise you no more tears, or fears
Just give me a chance to show you now
How my love can change your heart

Don't you see me
Why can't it be like it used to be
A light shines in my night
Its the promise of everything that we could've been
Its come apart at the seams
I'm living inside my head, I don't care what's said
Cause you've opened my heart
Don't you tear me apart

Cause I'm addicted to you

[Chorus:]

Lets take it right from the start
Can't bare us to be apart no more
Don't walk away from me now
Can't lose the love that I found
I'll promise you no more tears, or fears
Just give me a chance to show you now
How my love can change your heart

Can't you remember baby all the love we shared
It's hurting me to think that you're no longer here

I couldn't keep you near me
I sat down and cleared my mind
And told myself its just a matter of time
Yeah Yeahhhhh

Cause I'm addicted to you

[Chorus:]

Lets take it right from the start
Can't bare us to be apart no more
Don't walk away from me now
Can't lose the love that I found
I'll promise you no more tears, or fears
Just give me a chance to show you now
How my love can change your heart
Cause I m addicted to you
