Gotta take a little time
A little time to think things over
We gotta read between the lines
In case I need it when I'm older

This mountain I must climb
It's like the world upon my shoulders
Through the clouds I see love shine
It keeps me warm as life grows colder

In my life there's been heartache and pain
I don't know if I can face it again
I can't stop now
I've travelled so far
To change this lonely life

I wanna know what love is
I want you to show me
I wanna feel what love is
I know you can show me

Lord help me to be strong
On this road I travel on
When I'm lost and lonely
Find me

My journey's just begun
And I'm not the only one
Oh I wanna know
I wanna know

Yes I've found out
I want you to show me
I wanna feel what love is
Oh I know you can show me

Gotta take a little time
