Yeah, yeah, yeah, ride on  
Yeah  
Ride on, ride on  
Ride on, ride on  
Listen to me now

So you think it ain't right the way I give mine  
And what you describe well let me tell you like this  
When I didn't have nothing  
There weren't nobody giving me nothing

So I had to make something happen  
The only way I know how was probably go down  
'Cos everybody ain't singin' and rappin'  
I get my

Ride on  
(Ride on)  
With all of my niggas  
So what you hear me say  
Light one, 'cos it's about to get bigger

But I still got to ride on  
(Ride on)  
To get it up on top  
'Cos he told me not to leave it a lot  
That was to keep lights on

I was reading in the paper yesterday  
Say they cleaning up the streets around my way  
(Round my way)  
Too many niggas on the corner  
Couldn't make no money if you wanna

And not one time riding through everyday  
So I'm thinking like things about to get a whole lot  
better  
Black 6-4 with a trunk full of cheddar  
Picture my homies all born in the ghetto

Khakis with a iceberg sweater listen to me  
When my mama stop working, I can stop this shit

But until that day you gotta deal with this  
I told y'all I'm a stay real with this  
Still make a couple mil' with this  
I get my

Ride on  
(Ride on)  
With all of my niggas  
So what you hear me say  
Light one, 'cos it's about to get bigger

But I still got to ride on  
(Ride on)  
To get it up on top  
'Cos he told me not to leave it a lot  
That was to keep the lights on

On good times this stuff it's all off the meter  
Warn your people Wayne is a walking heater  
Flames all over, the game's all over  
I told y'all niggas now your reigns all over

Listen, don't play with me that's 'cos I strap up quick  
But holla tips and glock clips  
And my niggas they don't spray quickly  
Thats 'cos I kiss my ride on

It time to kill niggas 'cos the lights on  
Bandana tied on, plant 'em over ice  
Ten I brick the price, it's raw with no slice  
I'm duckin' blue and whites and a yellow drive presser  
The guns off my dresser and set 'em on my leather

See I just told 'em to ride like that  
So I'm a be like that that's how I get come weaziwee like  
that  
I'm from the streets like that and on these streets I'm  
gonna die  
The G-code is what we live by for every buy  
I get my

Ride on  
(Ride on)  
With all of my niggas  
So what you hear me say  
Light one, 'cos it's about to get bigger

But I still got to ride on  
(Ooh, yeah)  
To get it up on top  
'Cos he told me not to leave it a lot

That was to keep the lights on  
I get my

Ride on  
(Ride on)  
With all of my niggas  
So what you hear me say  
Light one, 'cos it's about to get bigger  
(Gotta light one)

But I still got to ride on  
(Ride on)  
To get it up on top  
'Cos he told me not to leave it a lot  
That was to keep lights on  
I get my

Ride on  
(Ride on)  
With all of my niggas  
So what you hear me say  
Light one, 'cos it's about to get bigger

But I still got to ride on  
(Ride on)  
To get it up on top  
'Cos he told me not to leave it a lot  
That was to keep lights on  
I get my

Ride on  
Light a fat one  
Ride on  
Get it up on top  
No, no, no, no  
Ride on  
Ride on
