My beautiful black piece of chocolate
My beautiful black piece of chocolate
My beautiful black piece of chocolate
That's right this one going out for my sistas, yeah
Put your hands up in the air
Put your hands up
Just a little something to let you know how much I love
you, baby
Sista
Chocolate caramel
One of a kind as well

Sista
I don't want to come off too aggressively
If you got a minute
Just sit and talk to me
I just wanna know what's on your mind (what's on your
mind, what's on your mind, baby)
Cos I figure
These niggas don't spend enough quality time
We all about the hustle
We forget about thine
Beautiful loveliness
Ladies
Holla if you here me now

I like your natural hair
Mama you're naturally fine
Naturally my
Mother of the earth, yeah
And if you need it I got it
Cos I am a black man
Don't you forget that I've been with you since birth
My sista

Sista
I'm calling your name
Sista
I wanna make a lil love exchange
For all your pain
Sista
Sista

You did all you could do
Sista
You're tired and weary
I know I'ma make it better for you
My sista

Sista
You gotta be the best thing about this life
I bless the damn day you become my wife
You always on my side, if I'm wrong or right
Can you picture (can you picture, baby)
Check in the mail every week on time

Ain't no bill collectors calling your line
Pass them over here, girl
What's yours is mine
Give me a kiss baby

I love ya natural attitude
It's naturally fly
Naturally I fit
Naturally inside your
Love below is my natural high
And naturally I want you to ride
My sista

Sista
I'm calling your name
Sista
I wanna make a lil love exchange
For all your pain
Sista
Sista
You did all you could do
Sista
You're tired and weary
I'ma make it better for you
My sista

I hear you crying, screaming
Why it gotta be so hard?
Just wanna tell you
That I
Hold you in the highest regard
Going out to my sistas on welfare
TQ cares
If don't nobody else care
I'm your brother
And if you didn't know it
I love ya
You beautiful black piece of chocolate lovely

Sista
I'm calling your name
Sista
I wanna make a lil love exchange
For all your pain
Sista
Sista
You did all you could do
Sista
You're tired and weary
I'ma make it better for you
My sista

Sista
I'm calling your name
Sista
I wanna make a lil love exchange
For all your pain
Sista
