My best friend
I remember the day I met ya
You almost drove me crazy
Something 'bout ya had me goin'
But it weren't like my girlfriend
As I commenced to get to know ya
All the things that I told ya
Times you asked me to hold ya
Real damn hard to explain

You always talked about bein' so lonely
How your nigga always trippin'
Tellin' me he treat ya like shit and
You don't know why you're messin' with him
Just couldn't find no happiness
But you're too damn beautiful for this
So my only mission
Prevent anybody from trippin' on my best friend (my
best friend)

[chorus]

I'm gon' get there (my best friend)
You gon' be there too (my best friend)
Only wanna see you happy
In case you didn't know, you're my best friend (my best
friend)
You got me and it's gon' be us too (my best friend)
So now you gotta keep your head up
I'm gonna be your best friend (my best friend)

Everytime I'd sit and think about it
You make me wanna check that busta
But y'all so far away (Cuz you wouldn't let me anyway)
Everytime I see you, why you gotta be crying?
Don't look like you get no sleep at night
Baby girl, is everything all right?

I hate to worry 'bout ya
But I got so much damn love for ya
It's a struggle to keep my sanity when I know you ain't
happy
And I'm tryna let you be

But it just don't work
Cos any minute, I'll be in the club goin' berserk
Puttin' in work on the jerk that's pullin' your skirt
Your protector, not gon' let nobody hurt you no more
If you comin' with me baby, I'm a open the door
And you ain't gotta cry no more (don't cry no more)
(my best friend)

[chorus]

I'm gon' get there (my best friend)
You gon' be there too (my best friend)
Only wanna see you happy
In case you didn't know, you're my best friend (my best friend)

You got me and it's gon' be us too (my best friend)
So now you gotta keep your head up
I'm gonna be your best friend (my best friend)

[chorus]

I'm gon' get there (my best friend)
You gon' be there too (my best friend)
Only wanna see you happy
In case you didn't know, you're my best friend (my best friend)
You got me and it's gon' be us too (my best friend)
So now you gotta keep your head up
I'm gonna be your best friend (my best friend)

I can't lie
You would be my baby if I didn't have a girlfriend
Only one I'm not gon' be in love with
And then we'd be huggin'
And if a muthafucka try to hurt you, I'm actin' up
You don't need to worry, I'm a serve on him (chop him up)
You ain't lived your life enough to let this punk nigga box you up
(That's why I got your love)
(my best friend)

[chorus]

I'm gon' get there (my best friend)
You gon' be there too (my best friend)
Only wanna see you happy
In case you didn't know, you're my best friend (my best friend)
You got me and it's gon' be us too (my best friend)
So now you gotta keep your head up
I'm gonna be your best friend (my best friend)

[chorus]

I'm gon' get there (my best friend)
You gon' be there too (my best friend)
Only wanna see you happy
In case you didn't know, you're my best friend (my best friend)
You got me and it's gon' be us too (my best friend)
So now you gotta keep your head up
I'm gonna be your best friend (my best friend)

[chorus]

I'm gon' get there (my best friend)
You gon' be there too (my best friend)
Only wanna see you happy
In case you didn't know, you're my best friend (my best friend)
You got me and it's gon' be us too (my best friend)
So now you gotta keep your head up
I'm gonna be your best friend
