This is going out to the whole wide Westside
you know what i'm saying,
yeah break it down for me
steady mob, rock, rock on

I was just a young boy, livin in the hub city-Eastside
Compton G
Back in the days when Ice Cube and Eazy had every
Nigga
Talking 'bout boy you can't fuck with me
Remember Ice T had da power, hearing gunshots
lickin' by the hour
When Too Short bumped in every supersport
And taught us all how to ride for the West Coast

[chorus]

To my peoples if you with me - where you at
Throw your dubs in the air - and wave 'em like you just
don't care
From LA to the Bay - what you say - all day... everyday...
any damn day
Take a look around, we got the whole world locked
down
Going on and on, it don't stop...won't stop... can't stop
Either ride or die - that's why i put it down for the
westside

Didn't seem that long ago, (oh no) we were stealing
40's out the liquor store (oh no)
Mama started tripping so it's time to go
Up to the park with the locsta's
Everybody broke, smokin' roaches
DJ Quik was the shit had every nigga claiming he was
from the CPT
Ya'll remember one-time tried to clown
We had to burn this bitch on down

[bridge]

One time for my niggas in incarceration
I blaze a dime with you for having lots of patience
Two times for my sista's at the county building
I got some westside love for all you ghetto children

Three times for my niggas that done passed away
I tip some gin for you and pray for better days
One day everything's gonna be fine
But until that day my only reply is...
WESTSDIE TILL I DIE

[chorus]

To my peoples if you with me - where you at
Throw your dubs in the air - and wave 'em like you just
don't care
From LA to the Bay - what you say - all day... everyday...
any damn day
Take a look around, we got the whole world locked
down
Going on and on, it don't stop...won't stop... can't stop
Either ride or die - gotta give it up for the westside

From Crenshaw to Foothill Blvd.
All i see are Lo Lo's and mob cars - Daytons and five
stars
All the true hobs is hittin' switches
With all the finest riches of course the bombest bitches

Don't get it twisted Ask me what's a real G
Show me a nigga scrapping back against the wall until
his knuckles bleed
Screaming death to all our enemies and those who
don't believe
WEST COAST LIVIN' BE THE SHIT TO ME!!!
