Hometown, wanna wander down your back streets, see
those tumble down old shack streets
I'm goin' back to see the ?.....? country cousins of
mine
Hometown, where the doves are softly cooin', where
there's always nothin' doin'
I'll get a welcome from the ?.....? country cousins of
mine
There's an old school house down, I used to tumble
through it ?.....?
An and old store, where I could throw my dozen
lollipops and come back for more
Hometown where the garden trees are shady, where I
really was a lady
I'm goin' back to see the ?.....? country cousins of
mine
