Bound to misery  
held by the chains  
that you placed around your neck  
trapped in a path's cell

You were meant to be limitless  
still your mediocrity prevails  
you will face elimination

You're not worthy  
You don't deserve to live X2

You're an abomination A disgrace  
Just a worthless piece of meat

Piece of meat X2

Disgrace will feed on your weakness  
from the sorrow deep in your soul  
as your sickened heart reminds you  
there is no hope for you  
in your quest for redemption  
you must bleed

In your quest for redemption  
you must bleed

Do you look for salvation?  
You won't find it here X2

No time for excuses  
stop living a dream  
free your mind, free your soul  
and face your own fears  
your own fears

Your own fears X4

Do you look for salvation?  
you won't find it here  
in your quest for redemption

you must bleed

Break free and breathe redemption  
as the razor blade sinks in your skin  
go deeper as you realize  
you were never meant to be  
in your quest for redemption  
you must bleed

In your quest for redemption  
you must bleed

Do you look for salvation?  
You won't find it here X4

In your quest for redemption  
you must bleed

You found redemption  
and now you're free

Now you're free
