Make your move on me. queen of confusion  
With open arms I await  
Let me feel your love upon me  
Your arms around me  
You called my name at the darkest of moments  
And gave me a will of my own

I'll keep you locked away  
I'll keep you for me

You are my mistress. I am your slave  
Alliance eternal. together we exist  
Silence of mind I could not bare  
Without your voice I'll go insane  
Keep me safe. keep me sane

My headechoes your now silent words  
In white sheets I lay. silent and pale  
Our love was true. our love was pure  
Did it mean nothing to you  
You kept me safe. you kept me sane  
And took it all away

You left me all alone  
To the mercy of the world

Keep me safe. keep me sane
