I am alone in the darkness
Can You hear me now?
Are You the same
Or are You different somehow?
Can You reach me?

Can I be sure that You won't hurt me
If I let You in?
Are You the same
Or are You different somehow?
Can I trust You?

If I gave You my heart
If I gave You my soul
Would You take me apart?
Would You make me whole?

Do You know my name?
When the tears fall are You there to feel the pain?
Can You reach me here?
Can You give me what I'm looking for?
Can You take away the fear?
Can I trust You?

They say that You could come and meet me
Are You really there?
Are You the same or are You different somehow?
Can You love me?

If I gave You my heart
If I gave You my soul
Would You take me apart?
Would You make me whole?
