I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you  
I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you

So cold, lonely night, I need somethin' special inside  
I'm ready to control, my desire won't let go

I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you  
I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you

Touch me, it's alright, let me bring you heaven tonight  
And love me till you cry, screams of passion, call my  
name

I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you  
I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you

Even though the look in your eyes just turns me on,  
babe

My shining star my dream come true  
Baby just come to me and I'll do everything  
Make it go on and on again, I wanna love ya baby  
Te quiero nocho este noche, just touch me

I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you  
I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you  
I don't care what it takes, I don't care what you do  
Just as long as I get the chance to make love to you
