"Missing"

You say if I draw nearer
You'll be right at my side
So I don't know why
I left today
Maybe, maybe it was pride
Why do I think this way
Your words don't captivate me
My heart is hard
Back to the start
Find you again
Find you again
And now your words are piercing deeper
Things are clear
It's in the heart you reside
You took the blame
But we didn't give anything
Gotta give up the game and the ghost of every reason
Why do we think this way?
Your words should change our hearts
Yeah, change
They say, "Let us learn true love"
My heart is hard
Back to the start
Find you again
Find you again
My heart is hard (we've gone missing)
Back to the start (we've gone missing)
My heart is hard (we've gone missing)
Back to the start (we've gone missing)
Find you again, (he is finding, he is finding)
Find you again (he is finding, he is finding)
He is finding, he is finding
We've gone missing
We've gone missing...
